

# What Young Adults Dream the Church To Be

Mark Satterfield / August 15, 2011

Below are 6 statements that young adults dream the church to be... Assess these statements and ask yourself the following question:

**Should church be this way, and if so, is this something I am addressing?**

1. I desire for church to be more of a discussion and less of a lecture.
2. I want the church to be more about people and less about a building.
3. I desire for church to be less programmed and allowed more time for praying and thinking.
4. I hope for the church to be a loving place.
5. I hunger for the church to truly care for the poor and environment.
6. I wish the church taught more about Jesus.
